

GREENWICH TO BANISH DISEASE GERMS AND MOSQUITOES FOREVER

Sanitary Engineers to Take
Charge of Town, Backed
With \$30,000 Fund.

Greenwich, Conn., has been caught by the idea of making itself the healthiest town in the United States. Plans for increasing the appropriation of \$10,000, made this year against some opposition, have now been enlarged so that the expenditure of \$30,000 is likely in the next few months. Until two years ago, Greenwich suffered from the malaria mosquito plague in common with other places along the Sound.

Some headway was made against the malarial parasite a year ago, though conservative citizens thought the appropriation of money made the town unduly conspicuous and feared real estate values. Since the results have shown, private subscriptions have helped out the town treasury until there is plenty of money to do everything sanitary engineers can suggest.

The sanitary committee has appointed an inspector and provided teams so that every disease-breeding spot in town, including back yards, has been either dried up or made sweet. A sanitary engineer is to be appointed, who will have charge of a bacteriological laboratory and assistants, charged with seeing that nothing new does show up or be allowed to become a pest. All plumbing in every residence is to be gone over.

A contract for \$25,000 has been made with a company to drain off the damp spots from which mosquitoes could possibly reach the town, and A. A. Anderson, the millionaire, sportsman, engineer and rancher, has promised to build an \$8,000 garbage burner.

KAISER'S CELEBRATION OF HIS 25 YEARS' REIGN HAS BRILLIANT OPENING.

Army of Automobilists Parade and
Pass in Review Before the
German Ruler.

BERLIN, June 18.—The festivities in connection with the completion on Sunday June 15 of the twenty-fifth year of the reign of Emperor William opened this afternoon with a review of the Imperial Automobile Club, the military volunteer automobile corps and other automobile organizations on the "Army Champs" in the Western suburbs of Berlin.

Headed by Prince Henry of Prussia, the commander of the corps, and the Duke of Ratibor, President of the Automobile Club, hundreds of motor cars decorated with flowers and bunting defiled before His Majesty. The Duke of Ratibor then presented the first of the innumerable addresses which the Emperor is to receive on his jubilee. Joseph C. Crow, the Secretary, and William Spencer, Second Secretary of the American Embassy, started their own cars past the reviewing stand.

The Emperor and Empress afterward proceeded to the stadium erected for the next Olympic games to witness a jubilee equestrian tourney. Seven thousand school children gathered in the Chancellery this morning where they rehearsed the songs with which they will welcome their Majesty on Monday morning.

Monday, June 18, will be the important day of the jubilee celebration. No fixed programme has yet been made public, but a parade or troop review is likely, and the emperor will be met by the presence in the empire's capital city of the heads of all the German States, gathered to congratulate the Imperial

Lord of the Federation and the King of Prussia. There will be a gala dinner at 8 o'clock, and at 9 in the evening the third set of "The Valkyries" will be produced in the Royal Opera House at the Emperor's command.

Coulton and Williams Matched.
LOS ANGELES, June 18.—Promoter McCarty announced today that he has matched Johnny Coulton, easternweight champion, and Ed Williams of Baltimore to fight twenty rounds at the Vernon Arena July 10 for the bantam championship. The bout originally was set for Baltimore, but Coulton called it off because the Baltimore promoters insisted on a Baltimore referee.

than the average \$30.00 Suit Elsewhere.

The materials are fancy mixed cassimeres, unfinished worsteds, soft finish flannels, homespun, Oxford and grey vicunas. Some have the popular black and white pencil stripes. Choice of three models—the English 3-button sack with soft rolling lapels, and a more conservative style with natural shoulders on the English Norfolk style.
